Missed Appointments at CHC

In the past 3 months we have had the following numbers of patients not attend for their booked appointment:

219 with our clinicians

222 with our nursing team

15 with our physiotherapist

This equates to approx **88 hours** of wasted appointments.

If you cannot attend your appointment, **please** cancel it as soon as possible by using the NHS app, your emailed booking link, your text reminder link or by calling the practice reception team.
